

# Secret Wars Digital

2 vs. 2 | 3 Points | 1 Winner

Dear artists,

since Covid-19 we haven't been able to share our passion for Secret Wars the way we like. We have spent a lot of time and energy for a special vision that allows us to share the Secret Wars magic also in times of Corona - a vision that is a further development of our Secret Wars Events:

## **Secret Wars Digital**

**Magma Studio**

For this digital transformation we found a software-partner, who can provide everything we need for a digital battle. Magma Studio is a browser-based tool that can be used by several artists at a time; all painting on the same canvas. Let the battles begin!

We believe that our concept can give artists and their skills a global stage. We also believe in the power of the community - we still want to connect all of you artists with each other and would also like to have a social impact with our friends from Viva Con Agua.

We are convinced that we can also help artists on an economic level, as the Secret Wars vibe becomes more accessible to the masses.

### Short rulebook:

At our 2 vs. 2 *battles* the artists are only allowed to paint with black and in the end *3 points* are awarded to choose the winning team.

The first point comes from a *judge*, the second point is voted by *the audience* and for the third point we *auction* off the digital artworks for Viva con Agua and produce single fineart prints.

The artwork with the highest bid gets the third point. *50% of the proceeds go to the artists.*

Besides money & fame, there are more goodies supplied by our partners *Iriedaily* and *Montana*, so that nobody goes home empty-handed.

The whole battle will be streamed live on our Twitch and Facebook channels, while the artists paint digitally on their tablets.

You can get an idea of the look, by **clicking on the picture on the left.**

To get a feel of it, try Magma Studio with your friends:
